# CHRISTMAS

## by Pines&Co

The countdown is officially on and finally it is the most wonderful time of the year.

Our service includes an award winning tree, water reservoir stand, warm white lights, creative sustainable and natural decorations along with a stunning star tree topper, the full decoration service, decoration removal, tree collection & recycling.

Whether you are driving home for Christmas or immersed in planning where to put your tree and decorate it, we are here to help!

Renting your decorations, instead of buying them, means less waste and more flexibility to mix it up each year to fit current trends. Our team of decorators are professional and will leave you with a beautifully decorated tree.

Our decoration service includes a selection of decorations in the following pages, which are all either natural or made from recycled paper along with warm white led lights. Decoration and light quantity depend on the size of the tree.

Our creative team will select the decorations for your tree from our collection. If you have a particular preference for tree topper or colours please let us know.

Slots get booked up quickly so please enquire promptly to avoid disappointment.
